the shocking untold story of how the fbi partnered with white evangelicals to champion a vision of america as a white christian nation on a sunday morning in 1966 a group of white evangelicals dedicated a stained glass window to j edgar hoover the fbi director was not an evangelical but his christian admirers anointed

him as their political champion believing he would lead america back to god the gospel of j edgar hoover reveals how hoover and his fbi teamed up with leading white evangelicals and catholics to bring about a white christian america by any means necessary lerone martin draws on thousands of newly declassified fbi documents and memos to describe how under hoover s leadership fbi agents attended spiritual retreats and worship services creating an fbi religious culture that fashioned g men into soldiers and ministers of christian america martin shows how prominent figures such as billy graham fulton sheen and countless other ministers from across the country partnered with the fbi and laundered bureau intel in their sermons while the faithful crowned hoover the adjudicator of true evangelical faith and allegiance these partnerships not only solidified the political norms of modern white evangelicalism they also contributed to the political rise of white christian nationalism establishing religion and race as the bedrock of the modern national security state and setting the terms for today s domestic terrorism debates taking readers from the pulpits and pews of small town america to the oval office and from the grassroots to denominational boardrooms the gospel of j edgar hoover completely transforms how we understand the fbi white evangelicalism and our nation s entangled history of religion and politics

j edgar hoover the most powerful lawman in america for more than fifty years was also the country s most controversial and feared public servant his career as director of the federal bureau of investigation spanned nine different presidential administrations during that time hoover completely reshaped domestic law enforcement transforming his g men into an elite national crime fighting division despite his contributions to the criminal justice system hoover fell from favor soon after his death the victim of rampant rumors and innuendo in puppetmaster richard hack separates truth from fiction to reveal the most hidden secrets of hoover s private life and exposes previously undisclosed conduct that threatened to compromise the security of the entire nation based on files documents and over 100 000 pages of fbi memos and state department papers hack rips the lid off hoover s façade of propriety to detail a life replete with sexual indiscretions criminal behavior and a long standing alliance with the mafia

an oral biography of j edgar hoover

the cumulative effect is overwhelming eleanor roosevelt was right hoover s fbi was an american gestapo

newsweek shocking grim frightening curt gentry s masterful portrait of america s top policeman is a unique political biography from more than 300 interviews and over 100 000 pages of previously classified documents gentry reveals exactly how a paranoid director created the fraudulent myth of an invincible incorruptible fbi for almost fifty years hoover held virtually unchecked public power manipulating every president from franklin d roosevelt to richard nixon he kept extensive blackmail files and used illegal wiretaps and hidden microphones to destroy anyone who opposed him the book reveals how hoover helped create mccarthyism blackmailed the kennedy brothers and influenced the supreme court how he retarded the civil rights movement and forged connections with mobsters as well as insight into the watergate scandal and what part he played in the investigations of president john f kennedy and martin luther king jr

the federal bureau of investigation was an agency devoted to american ideals professionalism and scientific methods directed by a sage and selfless leader and anyone who said otherwise was a no good subversive bent on discrediting the american way of life that was the official story and how j edgar hoover made it stick running roughshod over those same american ideals is the story this book tells in full for the first time from hoover s first tentative media contacts in the 1930s to the bureau s eponymous television series in the 1960s and 1970s fbi officials labored mightily to control the bureau s image efforts that put them not so squarely at the forefront of the emerging field of public relations in the face of any journalistic challenges to the fbi s legitimacy and operations hoover was able to create a benign even heroic counter narrative thanks in part to his friends in newsrooms matthew cecil s own prodigious investigation through hundreds of thousands of pages from fbi files reveals the lengths to which hoover and his lackeys went to use the press to hoodwink the american people even more sobering is how much help he got from so many in the press conservative journalists like broadcaster fulton lewis jr and columnist george sokolsky positioned themselves as objective defenders of hoover s fbi and were rewarded with access friendship and other favors some of hoover s friends even became adjunct fbi agents designated as special service contacts who discreetly gathered information for the bureau enemies on the other hand were closely monitored and subjected to operations that disrupted their work or even undermined and ended their careers noted journalists like i f stone george selde james a wechsler and many others found themselves the subjects of

fbi investigations and occasionally named on the bureau's custodial detention index targeted for arrest in the case of a national emergency with experience as a political reporter a press secretary and a scholar and professor of journalism and public relations matthew cecil is uniquely qualified to conduct us through the maze of political intrigue and influence peddling that mark and often mask the history of the fbi his work serves as a cautionary tale about how manipulative government agents and compliant journalists can undermine the very institutions and ideals they are tasked with protecting

this book examines political leadership utilizing a worldview centered on the bible there are eleven substantive case study chapters that cover a wide swath of famous political leaders across multiple centuries and in several different national contexts within systems that diverge widely in pursuit of moral political leadership sets the objective of investigating moral leadership knowing that every human being has their flaws and shortcomings yet pursues strong leadership for the betterment of their respective polities notably each author assesses the strengths and weaknesses of each leader but also analyzes the institutional constraints on their decision making that help to provide a fuller picture of their leadership legacies utilizing diverse scholars from cedarville university's department of history and government the book features chapters on oliver cromwell edmund burke george washington winston churchill syngman ree j edgar hoover martin luther king jr margaret thatcher benjamin netanyahu as well as two comparative chapters on i jimmy carter and ronald reagan and ii george w bush tony blair and stephen harper

how fbi surveillance influenced african american writing few institutions seem more opposed than african american literature and j edgar hoover's white bread federal bureau of investigation but behind the scenes the fbi's hostility to black protest was energized by fear of and respect for black writing drawing on nearly 14 000 pages of newly released fbi files f b eyes exposes the bureau's intimate policing of five decades of african american poems plays essays and novels starting in 1919 year one of harlem's renaissance and hoover's career at the bureau secretive fbi ghostreaders monitored the latest developments in african american letters by the time of hoover's death in 1972 these ghostreaders knew enough to simulate a sinister black literature of their own the official aim behind the bureau's close reading was to anticipate

political unrest yet as william j maxwell reveals fbi surveillance came to influence the creation and public reception of african american literature in the heart of the twentieth century taking his title from richard wright s poem the fb eye blues maxwell details how the fbi threatened the international travels of african american writers and prepared to jail dozens of them in times of national emergency all the same he shows that the bureau s paranoid style could prompt insightful criticism from hoover s ghostreaders and creative replies from their literary targets for authors such as claude mckay james baldwin and sonia sanchez the suspicion that government spy critics tracked their every word inspired rewarding stylistic experiments as well as disabling self censorship illuminating both the serious harms of state surveillance and the ways in which imaginative writing can withstand and exploit it f b eyes is a groundbreaking account of a long hidden dimension of african american literature

at the fbi the sex deviates program covered a lot of ground literally at its peak j edgar hoover s notorious sex deviates file encompassed nearly 99 cubic feet or more than 330 000 pages of information in 1977 1978 these files were destroyed and it would seem that four decades of the fbi s dirty secrets went up in smoke but in a remarkable feat of investigative research synthesis and scholarly detective work douglas m charles manages to fill in the yawning blanks in the bureau s history of systematic some would say obsessive interest in the lives of gay and lesbian americans in the twentieth century his book hoover s war on gays is the first to fully expose the extraordinary invasion of us citizens privacy perpetrated on a historic scale by an institution tasked with protecting american life for much of the twentieth century when exposure might mean nothing short of ruin gay american men and women had much to fear from law enforcement of every kind but none so much as the fbi with its inexhaustible federal resources connections and its carefully crafted reputation for ethical by the book operations what hoover s war on gays reveals rather is the fbi s distinctly unethical off the books long term targeting of gay men and women and their organizations under cover of official rationale such as suspicion of criminal activity or vulnerability to blackmail and influence the book offers a wide scale view of this policy and practice from a notorious child kidnapping and murder of the 1930s ostensibly by a sexual predator with homosexual tendencies educating the public about the threat of deviates through wwii s security concerns about homosexuals who might be compromised by the enemy to the cold war s lavender scare when any and all gays working for the us government shared the

fate of suspected communist sympathizers charles s work also details paradoxical ways in which these incursions conjured counterefforts like the mattachine society one inc and the daughters of bilitis aimed at protecting and serving the interests of postwar gay culture with its painstaking recovery of a dark chapter in american history and its new insights into seemingly familiar episodes of that story involving noted journalists politicians and celebrities this thorough and deeply engaging book reveals the perils of authority run amok and stands as a reminder of damage done in the name of decency

former special agent and assistant director of the fbi ray wannall writes a comprehensive insider s commentary regarding one of the most powerful but enigmatic personalities of our time highly revealing and provocative for the record sheds light on efforts to undermine hoover s legacy and startling details as to events involving martin luther king the kennedy family the nixon administration and much much more

the true story behind the nazi saboteurs captured on long island in 1942 their betrayal by j edgar hoover and the shameful secret behind the case the established the reputation of the fbi at 4 am on a foggy morning in 1942 nazi submarines discharged eight men along the coasts of long island and florida a few days later j edgar hoover further burnished his reputation by announcing the swift capture of nazi soldiers found prowling our shores intent on sabotage omitted from the record and still denied by the fbi is the true story behind hoover s greatest publicity coup the saboteurs leader george dasch betrayed his own country by turning himself in first to a disbelieving fbi hoover promised dasch clemency and assurances that the jerry rigged military tribunal created to try the men as unlawful combatants was merely a formality to protect loved ones from nazi retribution using documentation from the fbi archives interviews and memoirs david alan johnson carefully recounts the mounting betrayals in this utterly engrossing saga

discusses the life and controversy of j edgar hoover former chief of the federal bureau of investigation

for nearly fifty years j edgar hoover held great power in the united states the creator of the fbi and its director until his death he played a role in nearly every major tragedy and scandal in america during the twentieth century hoover was lauded when he died as an american hero anthony summers controversial bestseller official confidential the secret life of j edgar hoover draws on more than 800 interviews to explode

the myths exposing the dark secrets that remained hidden throughout hoover s lifetime hoover used his intimate knowledge of the john f kennedy s sex life to ensure that lyndon b johnson became vice president and suppressed evidence about j f k s assassination hoover himself meanwhile was a closet homosexual which allegedly led to him being blackmailed by the mafia this fascinating book reveals that even hoover s death on the eve of watergate was clouded with mystery witnesses have indicated that in the panic over the secrets he was holding over president nixon an operation was mounted to break into his house possibly even to murder him

documents from the late fbi director s secret files reveal for the first time the shocking extent of fbi activities in spying on prominent americans and political groups a grimly fascinating and profoundly disturbing self exposure by one of the false american deities of the 20th century arthur m schlesinger jr

the newest revelations about the man who shaped the fbi made available for the first time shocking never before told stories of j edgar hoover and his secret dealings make a great read for those who love tell it all biographies

If you ally infatuation such a referred **F B Eyes How J Edgar Hoovers Ghostreaders** book that will provide you worth, acquire the categorically best seller from us currently from several preferred authors.
